WORDS OF WISDOM BY QAID-E-AZAM MUHAMMAD ALI JINNAH

"Pakistan is proud of her youth, particularly the students, who are nation builders of tomorrow. They must fully equip themselves by discipline, education, and training for the arduous task lying ahead of them."

VISION & MISSION

VISION: The meaning of the Quranic Verse, "Read in the Name of Thy Lord Who Createth," inspires our vision to Develop the Nation through Quality Education.

MISSION: KIPS College shall empower Pakistani youth to create a brighter tomorrow.

MESSAGE FROM THE CHIEF EXECUTIVE MR. ABID WAZIR KHAN

Empowering the Pakistani youth to create a brighter tomorrow, today, KIPS Colleges stand as a benchmark among the given genre.

Consistently delivering academic superiority while developing young people into successful & responsible citizens of tomorrow, we are growing.

Thriving upon intellectual prowess of our competent faculty supplemented by state-of-the-art infrastructure and a well-crafted and evolving teaching methodology, we firmly believe in innovations, value-additions & improvements in the offered learning environment.

Among many of its distinguishing features, KIPS College ensures that our students don't need any tuition or extra coaching - leaving evenings free for self-study, self-grooming and social activities. And I, being

the Chief Executive, am certain that my team has worked industriously to attain & sustain this goal.

With a vision that focuses on 'Nation Development through Quality Education', KIPS Colleges, provide a holistic grooming platform that enables our students to excel personally, socially, morally & academically. Our comprehensive youth development programs empower our students with confidence, optimism, responsibility & a deeply inculcated sense of achievement & glory; starting at an individual level and leading towards national and global recognition.

Addressing the rising contemporary challenges & swift changes within the educational sector, we are consistently focusing to keep our methodologies & models aligned with modern educational standards.

MESSAGE FROM THE DEPUTY DIRECTOR KIPS COLLEGE MR. ASADULLAH KHAN

Education is the main source of human capital formation and a prerequisite for any development. Education is not the learning of facts, but the training of minds to think. The goal of education is the advancement of knowledge and dissemination of truth. 'Knowledge synergy' demonstrates ways to transform knowledge into a lasting advantage for any scholar through a mixture of guiding concepts, practical solutions and experience. It has thousands of branches, but the knowledge that brings us close to Allah is in a perfect synergy with the abilities & passion and helps in fulfilling the obligations with honour and respect is 'Ibadah'.

Students' dreams and expectations are fulfilled through quality education. The greatest gifts that can be given to a student through education are clarity in responsibilities and analytical approach for independent thinking

and decision-making abilities. This transformation is thus not possible without a highly experienced and trained professional. Our faculty is therefore the most influential resource; they are instrumental and demonstrative in keeping the students inspired, through their exemplary role and leadership in enhancing our human capital's skills and knowledge. KIPS College's obligation is to evolve strategies to tackle these challenges with a wide horizon of thoughts.

Passion is the force that drives someone to turn his / her dreams into reality. At KIPS College, we work to make success not a dream but to make it a passion in achieving the ultimate targets in life. Remember, for those who work hard, there is always room at the top.

May Allah guide you in attaining true success.

 KIPS EDUCATION SYSTEM

2023

LOOKING BACK

KIPS Education System was founded back in 1992 by Mr. Abid Wazir Khan, a young & passionate graduate from the UET. He had a mission aimed at empowering the youth of Pakistan through acquiring the most relevant, qualitative and knowledge-based educational qualifications, to have a sharp focus on tangible outcomes. His humble journey in the field of education took off by establishing an evening coaching academy named "Knowledge-Inn". Later it was redefined as "Knowledge Inn Preparatory School", and that is how we know the acronym of 'KIPS' as the most relevant expression to its full form.

Mr. Abid Wazir's exceptional commitment coupled with hard work and determination led the institution to an unprecedentedly exceptional growth, that today KIPS is one of the largest educational networks in Pakistan, offering complete career & life pathways, having deployed numerous branches of Pre-Schools, Schools, Colleges and Campuses for Professional Preparations.

It was sheerly the founder's unhinged commitment and resolve that brought constant innovations and progressive upgradation in all academic domains, while maintaining high standards of efficiency and accountability across the board.

THE CORPORATE ADVANTAGE LEADING WITH THE LEGACY

KIPS College being an integral part and a leading brand of KIPS Education System is well poised to serve the nation in all spheres of education. KIPS Education System's 30-year legacy and experience equips KIPS College to deliver the holistic solutions to our students such as purpose-based learning, quality results, entry tests preparation & above all, to become a responsible citizen of society.

CHANGE IS THE ONLY CONSTANT FACTOR IN THIS UNIVERSE, HENCE, THE WORLD WE LIVE IN TODAY HAS TRANSFORMED WAY DIFFERENT FROM THE WORLD THAT WAS A COUPLE OF GENERATIONS AGO.

KNOWLEDGE HAS NURTURED HUMANITY INTO A CIVILIZED WORLD AND NOW KNOWLEDGE IS A FORCE MULTIPLIER FOR THE SOCIO-ECONOMIC DEVELOPMENT & GROWTH OF ANY COUNTRY, ORGANIZATION OR INSTITUTION. THE REAL GROWTH METRICS CAN NEVER BE ACHIEVED WITHOUT INVESTING IN KNOWLEDGE AND HUMAN RESOURCE WHICH IS ONLY POSSIBLE BY ESTABLISHING A STRONG LINKAGE BETWEEN EDUCATION AND ECONOMY.

HAVING A POPULATION OF MORE THAN 232 MILLION INTELLIGENT AND HARDWORKING PEOPLE COULD TURN OUT TO BE A STRENGTH, ONLY IF OUR ENTIRE YOUTH CAN HAVE ACCESS TO THE HIGHER EDUCATION. THE ONLY SOLUTION TO ACHIEVE THIS GOAL IS TO ESTABLISH A NUMBER OF QUALITY EDUCATIONAL INSTITUTIONS ACROSS THE MAP OF THE COUNTRY.

TO FACILITATE EDUCATION FOR EACH & EVERY INDIVIDUAL, IT IS HIGHLY ESSENTIAL THAT QUALITY EDUCATION INSTITUTES BE SET-UP IN THE LENGTH & BREADTH OF PAKISTAN.

In 2004, KIPS Colleges were launched in Lahore to impart a conceptual and knowledge-based education at intermediate level. Having received unprecedented appreciation and acknowledgement from the students and their parents, today, KIPS College separate campuses for boys & girls across Punjab & in Federal Capital are continuously empowering the Pakistani youth to create a brighter tomorrow.

KIPS Colleges are striving for human development through quality education at both Intermediate and BS level. Attaining high levels of quality is the result of factors such as:

1. Fear of Allah & love for the Holy Prophet (PBUH)
2. Unwavering commitment and educational expertise
3. Humane & sympathetic counseling
4. Excellent & caring teaching
5. Ever-conscious & up-to-date management
6. Our commitment towards CSR to transform our students into responsible citizens

In all these years, the students from KIPS Colleges have done wonders, not only in the board exams but also in entry test examinations leading to the country's most well-acknowledged universities and higher educational institutes. The spirit of integrity and the zeal for hard work has earned KIPS College a distinct position among the leading educational institutions. Our students get well-prepared to face the real challenges of practical life and to become an integral part of the society.

Here what makes education special to them is the rigorous schedule of academic scheme and the professional skills of teachers in stimulating the learning to its optimum level.

Our multi-dimensional grooming approach focuses on the overall progress and enables our students to develop essential skills, necessary to meet today's & tomorrow's challenges.

While investing on the human resource, it is only the methodology which makes the real difference. We critically reflect on students' feedback regarding what works well and what does not, in order to respond with a different approach.

KIPS College teaching methodology is a broad system or body of practices and procedures that is employed to educate the students to have extraordinary outcomes by means of academic concept, learning ethos, evaluation, reinforcement and acquiring excellent results. Our teaching methodology comprises:

1. **LECTURE:** The excellence begins with concept actualization of different subjects by the extraordinary team of professionals supported by the set patterns and research-based strong academic curricula.
2. **PREPARATION:** After delivering the concepts for different topics of different subjects, students are guided to apply the concepts with specific, technical and scientific methods.
3. **FOLLOW-UP:** Affectionate enquiry-based follow up is conducted to analyze the strengths & weaknesses of the student learning status.
4. **REVISION:** The system provides the opportunity to revise & fix the misconceptions.
5. **TEST:** To know the depth of the students' learning, we have an evaluation and test system emplaced, where different methods of evaluation and tests are used to assess the actual level of the students' preparation.
6. **DISCUSSION:** Regular discussions are conducted to reinforce the concepts.
7. **RECTIFICATION & IMPROVEMENT:** Our system works to support the students to rectify the misconceptions and help them improve.

COMPREHENSIVE TESTING SYSTEM

OPTIMIZING POTENTIALS

In order to ensure that all students possess a fundamental understanding of their subjects, KIPS College has designed a system where the goal is to evaluate the student's grasp on the subject knowledge. This impact is generated by conducting:

- Daily Tests
- Fortnightly Tests
- Send-up Exams
- Revision & Tests Sessions (R&T Session - 90 Days approximate)

REVISION & TESTS SESSIONS:

After all the rigorous exercises of conceptual study, follow-up, revision, evaluation, discussion, rectification and improvement, a comprehensive 90 days long Revision & Test Session (R&T) begins to ensure that preparations are as per HSSC board's actual pattern. The session finally equips students to secure excellent marks in board exams and earn access to the country's top-ranked professional universities and institutes.

MATCHLESS COUNSELING MAKING A WORLD OF DIFFERENCE

KIPS College counselors help prepare students academically and emotionally for their life pursuits within college life & beyond. As an integral part of our system, these counselors bring a wealth of insight and resources to a variety of student-centered issues. Qualified and experienced members of the faculty help students choose the right career path as well as offer them requisite counseling to address their personal problems or issues.

Our Career Counseling Department offers free career counseling to each student. Our trained counselors help our students clarify goals and guide them through the process of making decisions about future education and career. We make this possible for our students by offering:

- **INDIVIDUAL COUNSELING:** Engulf the scope of personal, family, social and cultural effects on individual students and their possible solutions
- **GROUP COUNSELING:** Pertain to collective issues and their discussion related to students' academics
- **ACADEMIC COUNSELING:** Students are taught how to conceptually study a subject and ensure quality result through customized academic counseling. For this, students are divided into groups considering their abilities, uptake and aptitude. Teachers are empowered through regular refresher courses of academic counseling to meet this end.

CAREER COUNSELING: Our information wing keeps itself abreast about opportunities and academic options available in the national & international market. Our students are continuously steered and guided to avail best possible career options as per their aptitude and abilities

MOTIVATIONAL LECTURES:

To update our students with ever-changing educational and professional trends, periodic motivational lectures are conducted in our campuses on regular basis with an aim to:

- Develop learning abilities, while addressing students' psychological needs
- Create and enhance interest of students in upcoming new trends
- Respond to students' misconceptions or difficulties
- Synthesize information across a variety of issues
- Promote most appropriate education
- Suggest most appropriate career path

PIONEERING PRE 1ST YEAR SESSION

For those who want more tomorrow, we provide a headstart

After all, an early start is a great start!

KIPS College Pre 1st Year Session ensures extra time, more preparations and better results. It gives you an edge over your existing and future competition. The Pre 1st Year Session helps students cover the syllabus well before time.

The Pre 1st Year classes begin in the first week of May; providing extra time for the ever-demanding F.Sc./I.C.S/I.Com/F.A. course completion, while giving a sense of continuation of classes. Preparation, Practice & Evaluation Sessions gear up the students to attain outstanding results in board examinations and eventually help them meet the well acknowledged professional universities' merit criteria.

4 EXTRA MONTHS

40% syllabus coverage till September (all subjects)

Comprehensive Completion of 1st Year Complete Course

The additional 04 months equip students to score higher marks in their Board Exams. This course plan starts 04 months prior to Regular First Year Classes.

1. Completion of 40% course (all subjects) in four months with higher focus on science subjects.
2. Proper fortnightly test schedule
3. Students who continue with KIPS Colleges Regular Session (after Pre 1st Year), are assured complete first year's course completion by the month of December
4. Revision & Tests sessions start in January; offering more than 90 days for thorough revisions and preparations for board examinations

ENJOY TUITION-FREE EVENINGS

Among many of its distinguishing features, KIPS College ensure that its students don't need any tuition or extra coaching - leaving evenings free for self-study, self-grooming and social activities while our teams work rigorously all year to attain & sustain this goal.

RESEARCH & DEVELOPMENT

The Research and Development team provides expert advice and support on all elements of curriculum design. Our learning material methodology and scheme of studies are regularly updated & revised every year.

QUALITY CONTROL CELL SETTING BARS & MEETING STANDARDS

KIPS College strives to create the best student-centric environment and provides quality education. Our policy ensures that students are kept abreast of what is expected from them: their progress, and their academic achievements. All assessment mechanism is validated internally through this cell. Comprehensive feedback mechanism, continuous monitoring & re-evaluation of solved question papers by head office where a team of subject specialists ensures a perfect level of output benchmarking the BISE standards.

REGULAR FEEDBACK MECHANISM

To maintain a wonderful liaison with students and parents, KIPS College has evolved a regular written and verbal feedback system, which operates in a multi-dimensional manner. This system obtains students' feedback regarding our teaching methodologies, management, study material / other facilities, and services in written form at class level and in verbal form both individually and collectively.

CALL & SMS ALERTS

KIPS College believes in maintaining a strong liaison with parents in order to keep them abreast of their child's academic growth and development. This is achieved by sharing:

- Results
- Attendance
- Performance
- Opportunities
- Due Dates
- Counseling & Other Info
- Updates

The liaison with parents is effectively maintained through phone calls and SMS alerts. This methodology is also adopted in regulatory issues related to disciplinary matters.

PARENT-TEACHER MEETINGS (PTMs)

Parent-teacher meeting is an opportunity for parents, teachers and students to discuss and evaluate a student's progress. This is particularly required to ensure that the student is provided with support from all possible angles collectively. A Parent/Guardian must attend at least 2 of 3 PTMs in an academic session to help their child perform essentially well in board examinations.

PARENT-PRINCIPAL MEETINGS (PPMs)

Besides the above arrangements, one of our exclusive feedback mechanisms is the regular conduction of parent-principal meetings to further polish the shining students & amend the behavior cum attitude of those struggling students who need special care & coordinated counseling, which is only possible by highlighting the requirement at this level.
